RESPONSE TO RESTRICTION REQUIREMENT

Director of the U.S. Patent and Trademark Office
Washington, D.C. 20231

Sir:

In reply to the March 19, 2003 Restriction Requirement, Applicant provisionally
elects Group I, claims 34-41, with traverse.

It is also respectfully submitted that the subject matter of all claims is sufficiently
related that a thorough search for the subject matter of any one Group of claims would
encompass a search for the subject matter of the remaining claims. Thus, it is respectfully
submitted that the search and examination of the entire application could be made without
serious burden. See MPEP §803 in which it is stated that "if the search and examination of
an entire application can be made without serious burden, the examiner must examine it on
the merits, even though it includes claims to independent or distinct inventions" (emphasis
added). It is respectfully submitted that this policy should apply in the present application in
order to avoid unnecessary delay and expense to Applicants and duplicative examination by
the Patent Office.
